The Details:

FAM Trip Recruiting

Starting at \$25k

- The Connect team will conduct an audit of your meeting / exhibit space (hotels) or overall space (venue).
- Utilizing the results of the audit, we'll target specific planners based upon their compatibility with your destination or hotel.
- We will collect information on interested planners for your review prior to securing them.
- For an additional cost, Connect will purchase air travel and create a rooming list for FAM attendees.

Destination Focus Groups

Starting at \$30k

- The Connect team will conduct an audit of your meeting / exhibit space (hotels) or overall space (venue).
- Much like a FAM trip, we will collect information on interested planners for your review prior to securing them.
- We will partner with the host destination to create a pre-arrival survey to collect information from attendees.
- Connect will use its experience and insight to design an optimal agenda to highlight the host partner to focus group attendees.
- At the conclusion of the program, a senior member of the Connect team will facilitate a comprehensive 2-hour focus group session to uncover what attendees have experienced, their perceptions, and any other information that the host partner has identified as important to them.
- Upon their return home, participating planners will be sent a post-arrival survey designed to compare their pre-arrival thoughts with their personal experience and post-event evaluation.
- Within 14 days of the conclusion of the program, the host partner will be provided with a detailed report on the focus group participants, pre-arrival survey results, session discussion and the post-event survey.
